

Helping Hands Helping our children

We would like to introduce our Helping Hands programme at Victoria Avenue school.

The aim of Helping Hands is to help families take an active part in the school by nominating areas that they would like to volunteer their time or skills in. We want to encourage every parent, grandparent or adult that is involved in your child's life to participate in the Helping Hands programme.

The idea of the programme is to give us a commitment of your time or other contribution for the school year. You need to fill out the volunteer sign up form and indicate what areas you would like to be involved in. We understand that so many of you do a wonderful job with parent help and the

teacher's value every single minute of this. Along with this, we also want to have an updated list so when we have other areas where we need help, then we are able to make contact with you. Please know that your time and commitment to the school is invaluable.

We would be very grateful if you could fill out the form and return it to school. Whether it is baking some biscuits for a morning tea, helping at a sports event, serving sausages at a sausage sizzle or one of dozens of opportunities at home or school, it is all important.

Thanks for making a difference!
