

CLOTHING & EQUIPMENT LIST

IMPORTANT

To ensure complete safety for MERC participants while involved in water activities, it is preferable that quick dry, non-absorbing type shorts are worn, e.g. board shorts.

Wetsuits, life jackets, and other essential safety equipment is provided, however, if children have their own they are encouraged to bring them.

The majority of our activities involve being out-of-doors, so during the colder months it is advisable to send your child with lots of layers / changes of clothes plus a couple of towels. There is plentiful hot water for showers & a drying room on site.

WHAT TO BRING:

- Day pack – with lunch for the first day and drink bottle
- Sunhat, sun block, lip screen
- Enclosed footwear such as sturdy, comfortable sand shoes (not just sandals please)
- Reef shoes – for water activities (optional)
- Water resistant / windproof jacket
